

# Cost and Charges disclosure document

## 1. Introduction

EXT LTD (hereinafter called the “Company”) is an Investment Firm regulated by the Cyprus Securities and Exchange Commission (with license No.165/12). This disclosure is provided to you in accordance with the COMMISSION DELEGATED REGULATION (EU) 2017/565 because you are considering dealing with the Company in the financial instrument provided by the Company.

## 2. What is this document for

This document will show you the costs and charges associated with the Company's products and markets. The below examples can serve as an estimate to the cumulative effect of various costs and charges on your returns. It's important to remember that your total costs will increase proportionate to your trading sizes and volumes. For the full list of Costs and Charges applicable to various investment products offered by the company please refer to [Markets Fees](#).

## 3. Costs and Charges Breakdown

Cost Items Disclosed	Item description
One-off charges	All costs and charges paid to the investment firm at the beginning or at the end of the provided investment service(s).
All costs related to transactions caused by the service provision	All costs and charges that are related to transactions performed by the investment firm or other parties.
Incidental costs	Costs including Performance Fees (where applicable)
Ongoing charges	All ongoing costs and charges paid to investment firms for their services provided to the client.
Investment charges	All costs and charges that are related to transactions performed by the investment firm or other parties.

# Rates and Commissions

## Overnight Rates

### Hold your positions overnight for a reasonable fee

Overnight fees are applicable for short positions and FX. They depend on market conditions and change frequently. You can find current overnight fees for short trades and FX in the Client's area.

Overnight rates are also subject to a triple fee from Wednesday to Thursday night for the weekend. There are also enter/exit and safekeeping fees applicable to cryptocurrency funds. All other instruments are not subject to overnight fees.

## Inactivity Fee

### Automatically deductible 50 EUR

We'll deduct a monthly inactivity fee of 50 EUR from your account in case:

- You performed your last trade more than six months ago, and
- You don't have any open positions, and
- Your balance is under 5,000 EUR,

unless you are an authorised trader/agent.

## Margin Trading

### No fees, just keep utilisation below 100%

We do not charge margin-trading fees. You can trade with leverage as long as you keep Margin Utilisation below 100%.

In case the utilisation exceeds 100%, you will be subject to a daily fee equivalent to 100% p.a. on the exceeded value. To reduce margin utilisation, we can close your positions manually. The fee for manual execution in case of a margin call is 90 EUR.

The exceeded margin fees are applied per each margin call and charged on a daily basis. The fees for the upcoming weekends are charged on the night of Wednesday to Thursday.

Commissions in this document include execution, exchange and clearing fees. Commission fees are subject to change. All information in this document is for information purposes.

## Other Fees

### Trade Desk trading and custom requests

There is a 90 EUR one-off fee for trading any instrument on the platform via EXANTE Trade Desk.

A 90 EUR one-off fee also applies when you order custom-made special reports / documents other than the reports / documentation available from your Client's Area.

## Short Position

### Start shorting at just 12%

Short selling is available for liquid stocks that either come with a predefined limit or go through the daily locate procedure. Limits and rates depend on the stock, clients' trading strategy and current market conditions.

A current default rate is 12% for easy-to-borrow stocks for all clients, albeit this can change depending on the market situation. In order to open a position for a hard-to-borrow stock, please contact [support@exante.eu](mailto:support@exante.eu) for a quote and availability.

## Interest Rates

### Transparent interest structure

Negative balance is subject to interest rates. The exact interest depends on the currency of the negative balance. You can check the full table in the Client's area.
